FIFTEEN CENTS

Voters To Decide on Money for Schools

Voters in Grade School District No. 34 will go to the polls Saturday to answer a referendum question.

They will be asked to increase the educational tax rate by 45 cents per \$100 of assessed valuation.

The increase would raise taxes \$45 for the owner of a home valued at \$10,000. The average home in the area is assessed between \$7,000 and \$8,000, or from 36 to 39 percent of its actual value. For a home assessed at \$7,000 it would mean

a tax increase of \$31.50.

The polls will be open from 9 a.m. to 7 p.m. and voters can report to any of three polling places - Oakland school, Channel Lake school or the Antioch Lower Grade school.

Voters can register at any of

the grade schools on any school day, or at the village hall, up to and including Saturday.

The referendum was endorsed last week by the Antioch Grade School Band Parents Association.

School board members and

teachers have been urging citizens to vote "yes." Representatives have appeared before civic, religious, fraternal and cultural organizations in the area. Newspaper columns

CABL Petition Being Finalized

The 150 acres of land known as the CABL development may soon become a part of the village of Antioch.

The group's new pre-annexation petition apparently will be presented to the village plan commission at its Thursday,

Jan. 2, meeting.

F. James Lumber, attorney for the CABL group, appeared at last Thursday's plan commission meeting to discuss minor changes in the content and wording of the petition, which can now be finalized.

The CABL property is north of

the Upper Grade School and is bordered on the east by Tiffany Road and on the north by North Avenue.

The CABL property owners include Dr. Albert Bucar, Dr. John Lorang, Dr. Edward Abderholden, and Ted and Bob Costoff.

It is estimated that eventually the development could add as many as 2,000 to 3,000 residents

to the village.

IN OTHER ACTION at last week's meeting, the plan commission appointed three of its members to meet after Jan. 1 with officials from Lake Villa and Lindenhurst. Representing Antioch will be Don Amundsen, Bruce Jablonski and Judy Phillips. During the past year, Antioch and Lake Villa have been discussing boundaries for future development.

The subdivision committee of the plan commission will meet at 2 p.m. on Saturday, Dec. 21, at the State Bank of Antioch to discuss changes in the subdivision ordinance.

A report on the subdivision ordinance is on the agenda for the Jan. 2 meeting.

Lake Villa Boy Killed By Car

An 8 year old Lake Villa boy was killed last Saturday when he was hit by a car at highway 132 and Fairfield Rd., west of Lake Villa.

Dead on arrival at St. Therese Hospital in Waukegan was Keith C. Kuhlman of 824 Baldon Drive.

Sheriff's investigators said the boy apparently stepped into the path of a car driven by a 31 year old McHenry man. The driver told deputies that the boy stepped from behind a stalled car at the intersection and into the path of his vehicle.

Both the driver and the boy's mother, Mrs. Bonnie Kuhlman, were taken to St. Therese hospital where they were treated for shock.

POSE KIDS WITH SANTA

Get that smile ready for Santa, kiddies -- he'll be ready and waiting for you at the State Bank of Antioch on Saturdays, Dec. 14 and 21.

"Instant" pictures will be taken of the children with Santa and will be given to the parents immediately in an attractive frame, with the compliments of

the State Bank of Antioch.

This is the 14th year the State Bank has supplied the free picture-taking service at Christmastime.

Pictures will be taken from 9 a.m. to noon and from 1 to 3 p.m. in the bank lobby on Saturday, Dec. 14 and Saturday, Dec. 21.

DESTROYED BY FIRE -- This is all that was left of a gas station in Lake Villa, at highways 83 and 132, after a \$150,000 fire last Thursday night. Two other businesses also were destroyed, the Cedar Inn Restaurant and the Park Automotive garage. An arsonist caused \$15,000 worth of damage to the restaurant on Sept. 10 and police blamed arson again for last week's blaze. Windows were broken and incendiary devices tossed in, police said.

have tried to inform the public with question and answer articles.

The grade schools had their last tax rate increase for operational expenses in 1967.

The district has accumulated \$215,165 in indebtedness and that is expected to increase by \$179,000 by July 1, 1975.

The current educational tax rate is \$1.11 for each \$100 of assessed valuation. Raising it to

\$1.56, as proposed, would boost the educational fund by \$222,855 and bring an additional \$125,000 in state aid by the 1976-77 school year.

Antioch voters have rejected increases in the educational rate four times since 1967. Board President Gerald Vander Meer, at a recent meeting, said: "We're trying to operate the schools on a 1967 budget. How would you like to run your household budget on a 1967 salary?"

THE BARRY GOLDWATER COLUMN

Federal Bureaucracy Monster Needs Slaying

By SEN. BARRY GOLDWATER

In 1970 I delivered a speech on the Senate floor calling attention to the size and danger of the federal government establishment because I felt it was getting out of control.

However, only in recent weeks has the main thrust of my argument begun to sink in on the nation's news media. Now everyone seems to be concerned over a matter which should have received top-priority treatment years ago. Only time will tell if it is too late to bring the burgeoning establishment under control.

MY THESIS in 1970 was that the federal government had become so huge that it had begun to feed upon itself and

that no one, in or out of government, knew its precise dimensions. The people who actually operate the federal government are an army of nameless, faceless, "Middle-management" bureaucrats who had been frozen into their jobs and attitudes by civil service laws.

Since then the media have decided that the situation is serious and growing worse every day. In a lengthy article on Sept. 10, it was stated in the Los Angeles Times that the number of people working in government—federal, state and local—is approaching 15 million, and the payroll is nearing \$140 billion a year. Two days later The Times ran an editorial suggesting the public payrolls may be "beyond control."

For years I have been fascinated by the spectacle of the media telling us that the "battle of Washington" over who was to wield the most federal power was taking place between Congress and the President. This has not been the case, except rhetorically, for many decades. So far as our last four Presidents are concerned, the struggle has been between the White House and a deeply entrenched bureaucracy which thinks that, since it has the experience, it also has all the answers.

EDITORIAL

TIME TO VOTE 'YES'

An increase in the educational tax rate for Grade School District No. 34 appears to be long overdue.

Voters will be asked in Saturday's referendum to raise the rate 45 cents per \$100 of assessed valuation. Their answer should be yes.

The community is confronted with the problem of maintaining a standard of excellence in education. School officials are finding it impossible to maintain a budget from years past at today's rates.

There are 20 comparable elementary school districts in Lake County and only two of them have an operating tax rate as low as District 34. These are both North Chicago districts which receive federal aid due to the Great Lakes Naval Center.

We think Antioch's school kids deserve an excellent education. You can help decide that on Saturday.

Enforced Luxury

So, you do not like FM radio in your car. You think AM is good enough to get the sports reports and all the news and music you can stand. Many people feel the same way and, aside from saving money, that is probably one good reason why 9 out of 10 car radios presently in use receive AM frequencies only. This may change.

It seems the Senate has passed a bill, also approved by the House Interstate and Foreign Commerce Committee, which would require that all new cars have radios with FM as well as AM bands. The alleged reason for it is to "...increase patronage of FM broadcasts and to lower the costs of FM sets through increased production." Now, really—who cares? Congress has already passed enough laws that have increased the price of automobiles, and FM radios we do not need.

WHETHER THE intent of Congress, as contained in new laws, and the intent of the White House, as contained in executive orders issued by the President, are carried out depends almost entirely on how these directives are implemented in the bureaucracy.

Long years of experience have taught the "middle-management" operators in every department, bureau, commission or other agency how to proceed. These people know every trick about sabotaging new laws and regulations, especially when they contain departures that might threaten to abolish or reduce the size of certain agencies.

In a very real sense Presidents and Cabinet members are at the administrative mercy of this highly efficient clique of bureaucrats.

Korean Karate Instruction At CLC

Taekwon-Do, Korean Karate, will be offered during the College of Lake County 1975 spring semester. This introductory course includes instruction in self-defense; basic punching, kicking, and blocking techniques; and exercises to develop strength and flexibility.

Classes will meet on Mondays and Wednesdays for sixteen weeks, beginning Jan. 15, from 3 to 4 p.m. Paulette Becker, a CLC English instructor, will conduct the course under the guidance of Han Cha Kyo, director of the Evanston Taekwon-Do Academy. He holds an 8th degree black belt and is a three-time winner of the Korean National Championship.

On-campus registration will be held Jan. 7 to 9 at the College, but students may pre-register in room B201 until that time. The class is limited to 25 people.

Old Farmer's Riddle: What's the worst weather for rats and mice? (Answer below.)

Ask the Old Farmer: Have you ever heard of a recipe for buttermilk pop? It was a homemade drink, popular long before the advent of bottled soft drinks, and I remember it as being mighty satisfying to the men cutting hay on a hot summer day.

Not sure that this is the same thing, but our folks used to beat up bonyclabber (curdled milk), sweeten it, heave in some cinnamon and chill it.

Home Hint: Sometimes new kettles have an iron taste. To remove this, fill it with water and boil a handful of hay in it. This hay-water can also be used to sweeten tinware . . . **Riddle answer:** When it's raining cats and dogs.

DOLLS FOR NEEDY KIDS -- Three Antioch women, Dorothy Shultis, Pauline Kantos and Daisy Richards, once again are fixing up old toys for Christmas. The like-new dolls will get lots of

tender, loving care from the little girls who are waiting to see what Santa brings. (Paul Maplethorpe Photo)

Santa Wore Skirts

This Christmas many needy children will be treated to a new doll, game, truck, etc. that has been repaired by Mrs. Dorothy Shultis and her neighbors Pauline Kantos and Daisy Richards.

Mrs. Shultis and her late husband Clarence began repairing broken toys five years ago when he was the Village Clerk in Antioch. He would bring home broken toys from the Toys for Tots barrel in front of the Village Hall, repair them and take them back.

Along with all the repair work, Pauline made a few hundred purses from margarine tubs and Daisy designed and made clothes for all the little dolls that came without. All in all, the ladies fixed 181 dolls, 214 stuffed toys and many games, electric trains and mechanical toys. Doll shoes are made from mystic tape and cribs from shoe boxes and clothes pins. In fact, when the Marines came to get the dolls last Thursday they requested the help of the village crew to load all of the barrels of toys on their truck.

"Without the help of others I couldn't help the children. My friends and neighbors bring me broken dolls and toys they buy at rummage sales or their kids have outgrown," said Mrs. Shultis. She does have one request, however, she needs some yarn, broken beads or earrings, anything that makes good trim for doll clothes.

The College of Lake County will offer a 16-week course entitled "Beyond Sesame Street: Books for Your Children" on Thursday evenings from 7 to 10 p.m., starting Jan. 16.

The course will provide a survey of important literature written for children from pre-school age through junior high.

Tuition for the course will be \$32. For registration information, call the CLC Continuing Education office, 223-6601.

SKIN CARE FOR WINTER SPORTS

Some people believe that summer's the season to worry about sensitive skin. But winter is also a time to be wary—especially if you're involved with sports that take you out into cold winds and glaring sun. As a matter of skin survival, skiers have faced up to following a good skin care regimen to keep skin healthy, soft and moist, after long days on the snowy slopes.

1. The cold, dry air can rob your skin of moisture, and ditto for the low humidity of indoor heating systems. Apply a heavy-duty moisturizer day and night, especially around your eyes.

2. To combat the winter itch of dry skin, soak in a tepid tub laced with a bath or baby oil. The oil will help seal in your skin's natural moisture.

3. Use a conditioner after washing your hair. Cold air and lack of humidity also cause dry hair.

4. Always apply an effective moisturizing suntan lotion before going out on the slopes. Sea & Ski, for example, is highly recommended for protection from winter sunburn.

5. Don't neglect your personal skin care rituals. These are important all year 'round, but especially when your skin is exposed to winter weather stresses.

Follow this advice and you should look as clean, fresh and soft as mountain snow.

Lake County Ostomy Assoc. Meeting

"We Are Behind You" will be the theme of the panel to face a barrage of questions from members of the Lake County Ostomy Association on Thursday, Dec. 12 at 8 p.m. at Victory Memorial Hospital Amphitheatre.

Members of the panel will consist of: Mrs. Cy Clemons - Social Worker, Mr. Melvin Cohan - Pharmacist, Mrs. Dorothy McCafrey, R.N., Mrs. Eunice McCue, R.N.-E.T., Mrs. Doris Reynolds - Registered Dietician and Mr. Edward

One Act Plays

The Antioch High School Studio Theatre group will present its second production on Thursday and Friday, Dec. 12 and 13 at 8 p.m. in the auditorium. "Trio," three short one-act plays each revolving around loneliness will be directed by Mr. Ken Smouse.

The plays and cast include: "Save Me A Place at Forest Lawn" - Clara, Wanda Springer; Gertrude, Ann Sweeney. "The Sandbox," - Grandma, Lorie Marotta; Mommy, Debbie Alexander; Daddy, Rusty Long; Angel of Death, Tim Vander Meer; Musician, Chris Lindberg. "The Zoo Story," Jerry, Jerry Wittbrodt; Peter, Greg Mieuere.

Mr. Smouse and the cast will be on the WKRS Luncheon Show at Noon on Thursday, Dec. 12.

Tickets for "Trio" will be sold at the door \$1.25 for adults and \$.75 for students, or they may be obtained from any Studio Theatre personnel.

Refreshments will also be served.

Scholarship Awards Re-Opened

The Illinois State Scholarship Commission Monetary Award processing for the 1974-75 academic year has been re-opened, according to Sam Mazman, College of Lake County financial aid director.

"Eligible and financially needy applicants will receive benefits effective the 1975 spring semester," Dr. Mazman said. "Based on the results of this application, they will be eligible for benefits through the 1975 summer session."

"Any current students or those who expect to enroll for our second semester beginning Jan. 15, should stop in the financial aid office and check their eligibility," he said.

The Fitzroy Cocktail of the Australian "out back" consists of methylated spirits, ginger beer and one teaspoonful of boot polish!

Hope everyone has caught the Christmas spirit. If you haven't, come downtown and see all the lovely windows from snowflake fantasy to sugar plums. Hospitality night was lovely this year - lots of goodies and holiday spirit.

Those Lions are really clever fellas - Hear tell they celebrated their annual Christmas party at the Dutchman this year. Lots of gifts for everyone. Bill Seemann was presented with two large bags of leaves. Irv Carey received a football signed by all the players on the 1969 National Championship team in honor of his 50th anniversary of his graduation from Notre Dame. Irv Buchta received a fork, spade and a shovel sprayed silver and Dick Radtke received a crumpled fender and bumper from Chuck Cermak and Bill Hagstrom. Attorney Ted Larson was presented with a new sign for his building I hear - seems Rhode & Lynch are missing theirs. Cliff Houghton received a trophy and a letter of commendation from the U.S. Olympic Committee for being able to throw his golf club the

farthest, and John Teresi was presented with all of his own milk cans that he donates to the Lions Club Auction each year. Lots of fun - wasn't able to find too many of them around town this morning, however.

The Dutchman was also the setting for the Police Depart-

ment Christmas party last Sunday. The festivities included the mayor and the police committee of the village board.

Annabelle Nielsen sure has had lots of visitors this year. Wanda and Russ Barthel just

came back from a trip to Hawaii. As usual they said it was a beautiful spot to go and they had a super time.

Get well wishes to Jean Homan who is recovering from surgery in Loyola University hospital in Chicago.

Mr. and Mrs. William Goetzelmann spent the Thanksgiving weekend with Pete and Barb Jecuicus in Colby, Wis.

Nancy Brown, Dee Dee Molnick, Donna Hansen, Pam Edwards, Kathy Wysoglad, Donna McKintosh and Lenae Palenik were guests at a shower given by Drue Syria (the Welcome Wagon Engaged Girls representative) last week. Nancy was the lucky winner of a piece of luggage donated by the Antioch Travel Agency and she and the rest of the girls were presented with gifts from our local merchants letting them know what's available to the bride-to-be in Antioch. Best wishes to all you gals - hope you have lots of fun planning your wedding.

Belated happys to Joe

Sterbenz and Rose Endries who celebrated their birthdays last week and to Mrs. Lee Buchta who celebrated Number 80 on Thanksgiving Day. Celebrating their natal day this week are: Jean Houlihan and Edie Shalley on the 11th, Jan Anderson, Hank Apostol, Sue Anderson and Scott Bartlett on the 12th, to Terry Hansen, Lisa Phillip, Betty Haley, Helen Nolan and Joe Mihovilovich on the 13th, to Annette Watson and Jenny Huber on the 14th, to Nancy Rentner on the 15th and Elaine Palm and Jackie Tooper on the 17th. Whew! Congrats Everybody.

I hope everyone will remember to vote on the Grade School Referendum this Saturday. It's a most important issue - your children's education. Show that you care and come out to vote.

Have a good week,
Annie Mae

Your Guide to Fine Dining and Excellent Entertainment

THE Entertainer

THE ANTIOCH HIGH SCHOOL CHOIR rehearses under the direction of Ralph Brooke. The choir will perform Sunday afternoon, 3 p.m.,

along with the school band in the annual Winter Concert.

High School Band & Choir Winter Concert

Final preparations are being made for the approaching Christmas concert at Antioch Community High School for Sunday, Dec. 15 at 3 p.m. The first portion of the concert will include the concert and Symphonic bands under the direction of Mr. John Olisar. A variety of familiar Christmas songs and some not so familiar contemporary numbers will be included in the instrumental portion of the program. A

special treat to be enjoyed by youngsters from 8 to 80 will be Victor Herberts "March of the Toys." As the auditorium lights dim and the stroke of midnight is heard, a troop of toy soldiers will spring to life and prepare in eager anticipation for the coming of Christmas Day.

The second half of the program will be presented by the Freshman Girls' Chorus, All School Chorus, the A-Cappella Choir, and the Swing Choir all

under the direction of Ralph G. Brooke. The Freshman Girls' will present traditional carols and a special number from "godspell."

The A-Cappella Choir will perform a wide variety of selections ranging from Handels "Messiah" to contemporary Christmas music. The choir will feature two soloists, Kim Kovach and Debbie Hartokolis as they sing "Glory to God" from the Messiah. A special

Grade School Band Concert

Members of the Antioch Grade School Band are inviting the public to its Winter Concert on Sunday, Dec. 15 at 7 p.m. at the Upper Grade School.

The hour-long performance will be made up of the Junior (intermediate) band, the Beginning band (students from Oakland, Channel Lake and the Lower Grade Schools) and the Senior band.

This is the first concert under the direction of Mr. Larry Wagner. It will feature Christmas music by all three bands, with special selections from the baritone, coronets, flute and clarinet players in the beginning band.

feature of the afternoon's concert will be a medley of Christmas Carols played by Tanya Millsop on the piano.

Reduced Tuition For Senior Citizens

Anyone sixty years of age on or before Jan. 28, 1975 or older living in the College of Lake County District No. 532 boundaries will be eligible for reduced tuition if they request it at the time of their registration. Dr. Ernest Dear, CLC Dean of Instruction, announced.

"This one-half tuition charge (\$5.50 per credit hour) will only apply to the credit offerings, the

cost of which are computed on a tuition basis," Dr. Dear said. "The reduction will not apply to non-credit courses, because state aid is not received per course on these."

"There is no additional activity or registration fee added to this tuition," Dr. Dear said. "However, if a course has a particular fee for such things as additional supplies, for

example, the person will be expected to pay for that."

DOMESTIC AND INTERNATIONAL ABC's of Travel

By BARB CORBIN

One of the best travel bargains of our times are the various air-sea packages the steamship lines are coming up with. The savings range from 20 percent to 60 percent and in this day and age of rising costs, one will have to agree this is great.

These package cruises include the round-trip coach airfare, transfer to and from the ship, and baggage handling and gratuities involved in the transfer from the airport to the ship. Also meals, and all facilities aboard ship.

The advantage of a cruise today is there are no hidden costs -- all your meals are included. The only extra expense is your various shore excursions which do not cost that much. Today it is kind of hard to figure out what one would be spending per day on meals so a vacation like this lets one know the exact cost right away.

Many shiplines have been

coming out with special gala events, cruises such as the following: Showboat II, Inside Washington, Theatre at Sea,

Musical Festival Cruise, Early American Society, and many, many more.

There is a cruise for everyone today and it is the best travel bargain on the market. Even those of you who might be taking a cruise over the holidays for the first time will find them making this a tradition. Holiday themes tend to follow the registry of the ship, so whatever country it is from is the holiday tradition you will be following.

The ships are all decorated with garlands of lights and ornaments, tree-trimming parties, caroling, Santa Claus, special entertainment and gala turkey dinners.

The New Year's celebration will be equally festive; so for something different and a lot of fun, consider a cruise for the holidays, if not this year then next year. You can partake in all the fun and have no work with it or have to worry about snow and bad driving conditions. For more information, call your travel agent and he can show you how reasonable a cruise is -- just one complete price.

Drivers Need Patience

There are shoppers out this time of year reminds the Lake County Safety Commission. Lots of them. Many of them will start across the street late and you'll have to wait till they clear. You'll lose some green light. Others will appear suddenly from between parked cars and jaywalk.

Their minds--too many of them anyway--will be on the holidays and not on traffic.

So, give out with the Christmas courtesy. Be patient. Do all you can to prevent a holiday tragedy.

Don't forget, you're a pedestrian shopper-sometimes yourself. And your family will have seasonal traipsing around to do, too. The Lake County Safety Commission wishes you and yours a safe, sane, sober holiday season.

"When garbage can run generators and light up your living room, it's not garbage anymore."

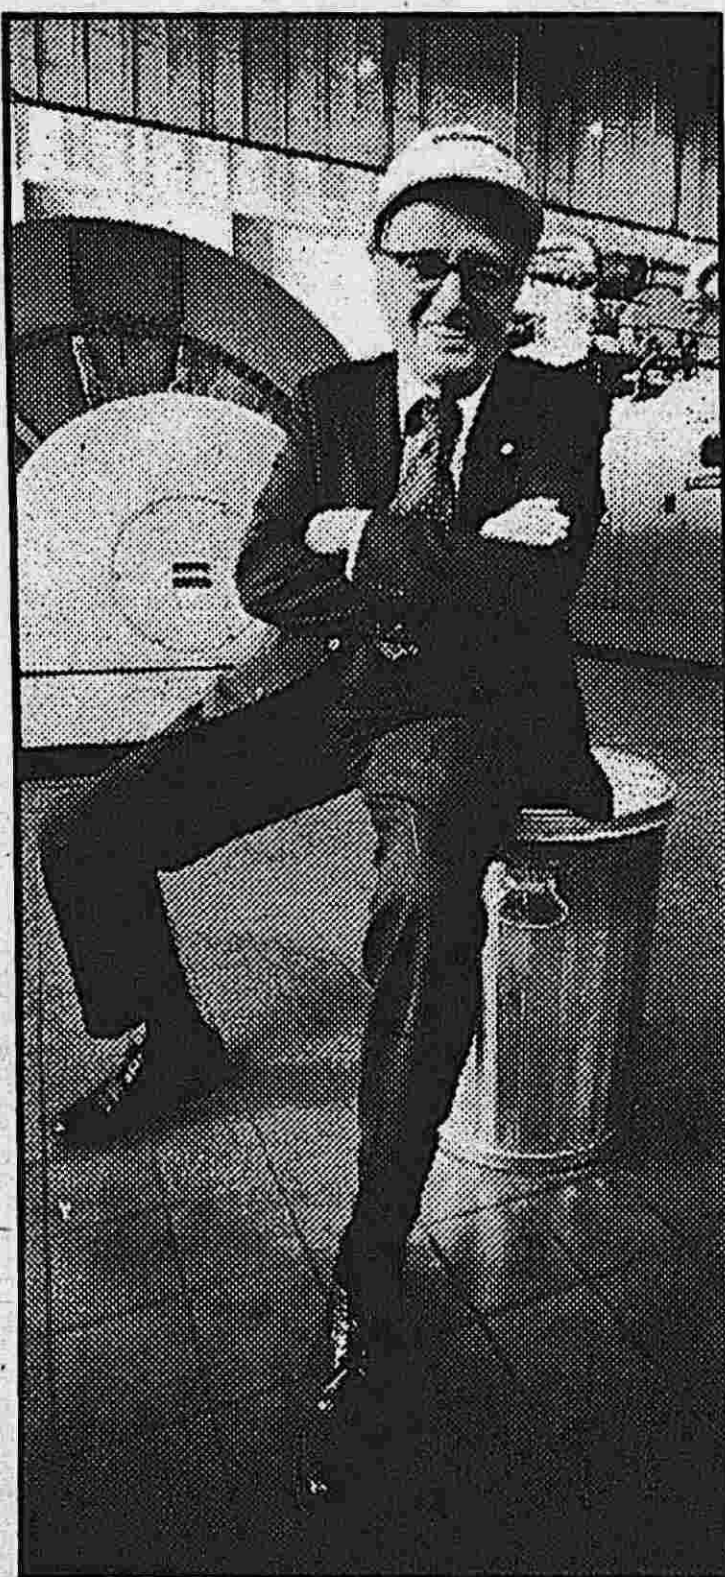

"In fact, when we use garbage in one of our generators, we won't even call it garbage." Gene Bailey, engineer in charge of Commonwealth Edison's trash-burning project, turned from his desk for a moment, then swiveled back with a plastic bag full of strange-looking confetti.

"This is 'prepared refuse.' It's what's left of what you throw in your garbage can, after the city shreds it and extracts any metal that can be recycled."

In the trash-burning experiment worked out between Commonwealth Edison and the City of Chicago, your garbage will be collected as usual.

Every day, a thousand tons of it will be shredded and filtered in the new \$14 million plant being constructed by the City of Chicago. It is there that just plain garbage becomes

"prepared refuse." Then, early every morning, 700 tons of last night's leftovers will be sent through an air tunnel at a mile a minute to Commonwealth Edison's Crawford Station, where it will be burned in a mixture

of 90% coal, 10% trash.

This system is slated to start operation in the fall of 1975.

Mr. Bailey estimates that during each year of operation this project will save 100,000 tons of coal—enough to provide electricity for 45,000 homes. "And instead of ending up as hundreds of acres of landfill, the trash can be put to work as a fuel that meets and beats the standards set by the Environmental Protection Agency."

He put the plastic bag back in its place atop a stack of progress reports. "Some of my colleagues wonder how I can get so excited about burning trash. Well, it's simple. This program will make use of a plentiful resource, save our countryside, and cut down on pollution. I happen to think it's one of the finest things I've ever been involved in."

You can never get too much education... but you can't get enough education if you don't have enough money. To reconcile these two statements, find out about "Sallie Mae," the nickname for the Student Loan Marketing Association. This combined government and private undertaking will stimulate additional capital into the student loan market. And that means more money for students who need a hand with financing. More good news: Sallie Mae student loans are available for technical and vocational students as well as the university-bound.

Sequoits Want 2 More Wins

Three out of four isn't bad. Five out of six is even better. So Antioch's Sequoits will go after two more basketball wins this weekend.

They boosted their record to 3-1 last Friday by trimming Lake Zurich 67-46.

This Friday they play another conference game, at Round Lake, and Saturday they return to the home floor for a

non-conference game against a tough McHenry team.

Both games start at 8:15 p.m., following sophomore tussles at 6:45.

THE SEQUOITS looked impressive during the first five minutes of the Lake Zurich game, streaking (in uniform, of course) to a 14-4 lead. But they

went flat in the second quarter, looked a little ragged defensively, and Lake Zurich closed the gap to 25-21.

The Sequoits got it together again and built their lead to 32-21 by halftime.

In the second half they played sound and steady basketball, moving ahead by 29 points before Coach Roger Andrews began substituting and giving Lake Zurich a chance to close the gap a bit.

MIKE WITT was the star of the game. The 6-2 senior threw in 20 points and once again led his team in assists with a total of six. And he set a new school record for recoveries - stealing the ball and intercepting passes nine times. The old record of eight recoveries was held by Mark Andrews.

Russ Albano and Mike Perrone were sharp again, scoring 16 and 14 points respectively. Kevin Walpole scored nine, Burce Tossey three and Scott Kimball two.

Albano pulled down 13 rebounds.

Except for the brief cold spell in the second quarter, the Sequoits' defense was very good. Lake Zurich didn't get off 20 shots in the second half.

The Sequoits hit on 25 of 56 field goal attempts for a respectable percentage of 45. Lake Zurich shot at a .410 clip but only had 44 tries at the hoop.

THE SEQUOITS can make it 2-0 in the conference if they get past Round Lake Friday night. Round Lake's Panthers scored a 60-54 overtime win against

at 126. Mike Jones was 2-0 at 167 pounds. Posting 2-1 records were Gossman, John Davis, Dennis Thain and Dave Kisner.

Marish Sets IRA Point Record

The Interstate Racing Association, a self promoting club sanctioning super modified and sportsman races at the Kenosha County Speedway in Wilmet, Wis., announced today that a near record point fund of over \$16,000 was paid to its drivers competing at the IRA tracks this season.

Ron Marish of New Berlin, Wis., 1974 Super Champion, received a check for \$2,071.83. He is the youngest driver to ever win the title and finish with 1395 points.

Sid Norton of McHenry won the Wilmet Sportsman crown and Aaron Solsrud was the top super modified driver.

Special awards for the Supers went to Dave Ohrn - rookie of the year, most improved driver, Mike Mathews and car owner of the year, Ken Kerkman. In the Sportsman division Don Collins was awarded rookie of the year and Ken Zeisse of Franksville, Wis., most improved driver. Sportsmanship awards went to new drivers Howard Kaston and Tom McQuestion.

Dale Erdmann has been reelected club president and Ken Barty was appointed the new track manager at the speedway for the 1975 season.

Woodstock in another conference opener last week. Scott Migawa scored 12 points for the Panthers and Ray Lopez had 11.

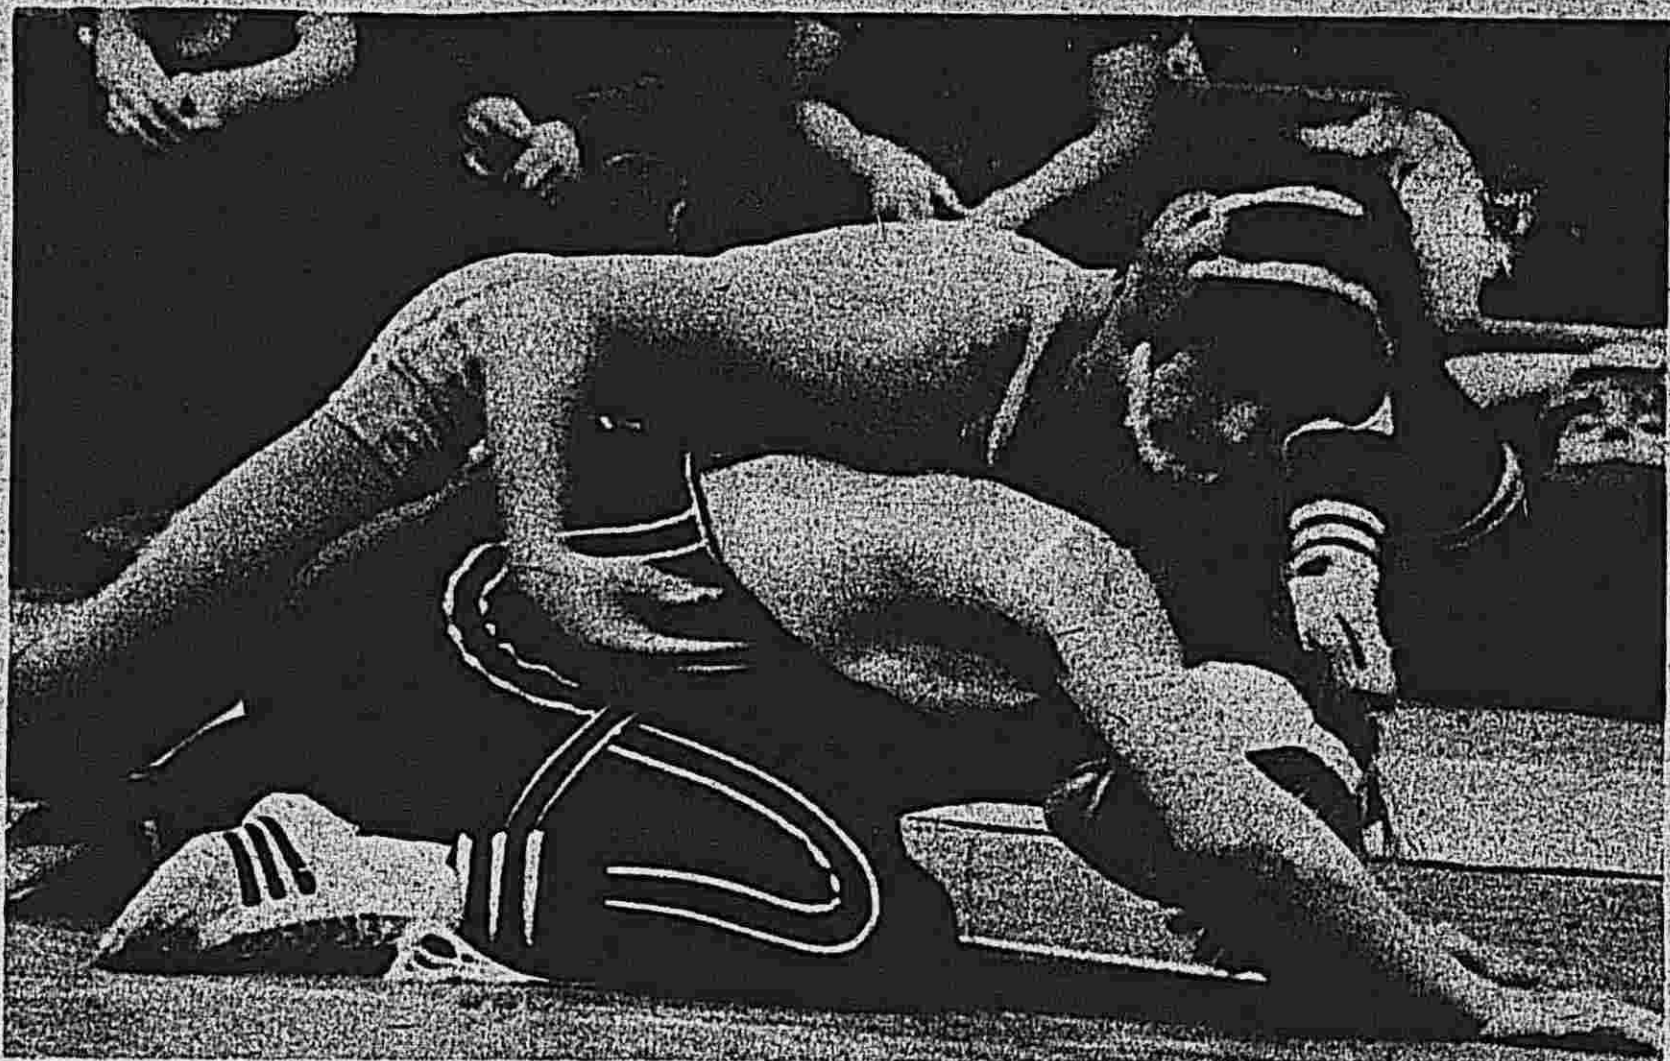

Coach Andrews calls McHenry "a real fine team, with nice balance, good height and strong physically."

McHenry lost in its conference last Friday, 63-62 to a league favorite, Zion-Benton.

Center Steve Koerber led McHenry in that game with 18 points.

Following its near upset over Zion, McHenry whipped Grant 69-54 last Saturday. Marty Zeller, a 6-4 senior forward, led McHenry in that game with 18 points. McHenry now has a 3-2 record for the season.

Matmen Get 2 Big Wins

Antioch's varsity wrestlers rebounded from a disappointing loss to Grayslake last week by scoring impressive wins over Lake Zurich and Lake Forest.

They trounced Lake Zurich 42-12 and Lake Forest 41-11.

The Sequoits got off to a 29-0 lead against Lake Zurich before losing two matches. Then Antioch ran off three more wins before losing the final heavy-

weight match.

Racking up pins for Antioch were Bob Gossman at 98 pounds, Scott Shaffer at 119 and Art Meyer at 185.

Against Lake Forest the Sequoits won at every weight until they reached 155 pounds. They led 32-2 before Lake Forest was able to win two of the last four matches and avoid total embarrassment.

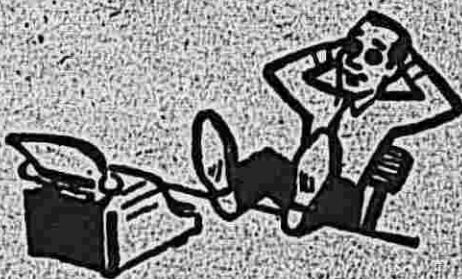

Antioch entertains Round Lake here Friday night and travels to Janesville, Wis., Saturday morning for a meet against Janesville, Craig, Rockford West and Kenosha Bradford.

In the varsity's three most recent meets, two wrestlers posted 3-0 records: Shaffer at 119 pounds and Greg Nordstrom

Shoemaker Laces Life With Laughs

By JERRY PFARR

The baseball teams are on the field but suddenly the umpire is buried waist deep in pop bottles, beer cans and other debris.

"This is a rough town," the catcher says to the batter. "All he said so far is, 'Play Ball!'"

Two fighters are in their corners, ready to answer the bell for the first round, but a policeman is outside the ropes talking to one of them:

"I don't care how confident you are of a first round knockout, you can't leave your car double parked in front of the stadium."

THESE GAGLINES were written by my shoemaker, Joe Torcaso, who sells ideas to famous cartoonists as a hobby. He picks up a little money in spare time and also uses his talents as an outlet for a delightful sense of humor.

Joe got into the writing business 15 years after graduation from high school. His wit made him so popular as a shoemaker that his own kids were going barefoot, so he started selling epigrams to various publications.

"A man gets excited about a raise in pay, but his wife stays calm and collects it."

"A bachelor is a man who promises a girl a ring and then calls her on the telephone."

THEN HE GOT a book from the library and found the names of cartoonists who needed material. Joe Torcaso's ideas and gaglines now can be found in national magazines, but under the cartoonist's name, not his.

It's spring training and a ball player is sliding into first base in a cloud of dust.

"I like that rookie's hustle," the coach says to the manager. "You don't often see a player do that after a base on balls."

A hockey player is dazzling his opponents by skating figure-eights around them.

"Sure, the guy is good," says a fan. "But don't you think he's a bit of a show-off?"

IT ISN'T a full-time living, so Joe still runs the shoe shop. People come in for a shine just to watch his sense of humor sparkle.

Joe Torcaso bears a remarkable resemblance to comedian Danny Thomas and people often comment on it.

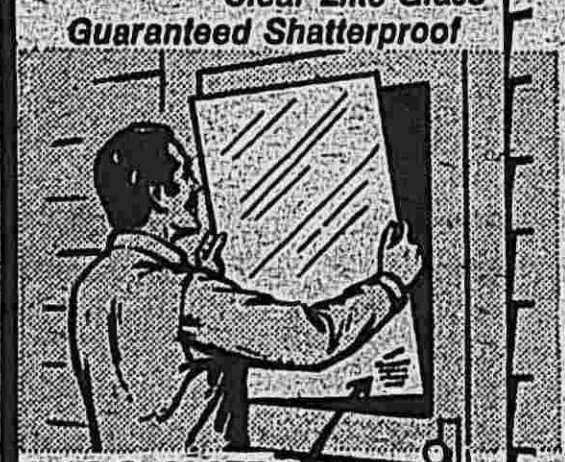

"Can't you imagine Danny Thomas walking down the street in Hollywood," says Joe, "and somebody comes up and says, 'Hey, you look just like that shoe-maker from Wisconsin.'"

"Oh well," says Joe, "That's shoe biz."

Dave Gutowski Wins \$15 In Basketball Contest

It gets pretty exciting when you're at an Antioch High School basketball game and you win \$15 if the Sequoits win by 21 points.

When the score gets to be Antioch 67, Lake Zurich 46, you cross your fingers and hope the teams quit scoring.

Both Dave Gutowski and Steve Lasco picked Antioch to win by 21 - and that's how the game ended - so they were the top winners in last week's Antioch News basketball contest.

BECAUSE DAVE came closer in predicting the outcome of the tie-breaker - the sophomore game - he wins the \$15 first prize.

Steve wins second prize, a \$10

gift certificate at BJ Rush photography studio - just in time for Christmas.

Dave picked Antioch's sophs to lose by 14 points and Steve said they'd lose by 22. They lost by 4.

THE TIE-BREAKER also was needed to determine who won the \$5 gift certificate at Gibbs and Jenssen's "Carousel." Dennis DeBoer picked Antioch's varsity to beat Lake Zurich by 22 points and Karen Allen picked the Sequoits by 20. Dennis came closest in forecasting the outcome of the sophomore game, so he wins the prize.

This week's champion, 13-year-old Dave Gutowski, is a brother of Tom Gutowski, who

plays for the Sequoit varsity. Another brother, Mike, starred for last year's team and now plays for College of Lake County.

THERE WAS no shortage of experts in the popular contest. Five other persons came within two points of the outcome. Picking Antioch to win by 19 were Debbie Rentner, Ted DeRousse and Shirley Gutowski. If the Sequoits had scored one less basket, they would have been winners.

Steve Wapon also missed by only one field goal. He picked Antioch by 23 points. Also picking Antioch by 23 was Charles Klemz, winner of the \$15 first prize in the previous

week's contest.

Another contest appears in today's issue of the Antioch News. The "Game of the Week"

is Saturday night's home game against McHenry. The tie-breaker will be Friday night's game at Round Lake.

Don't forget, entries must be received or postmarked before 5 p.m. Friday.

First prize once again will be \$15. Second prize will be a \$10 gift certificate at Stanely's Men's Fashions and third prize a \$5 gift certificate at The Vault restaurant.

Volleyball Teams Triumph

Antioch High's girls volleyball teams scored victories over Grant.

The "A" team lost 9-15 before winning 15-5 and then 15-6.

The "B" team scored a 15-9 victory, then lost 10-15 before

winning the final contest 15-9.

High scorers for the "A" team included Linda Kasik, Debbie Willett, Terry Schleuse-ner and Judy Bjork.

For the "B" team, the top scorers were Rosemary Sches-ke and Mary Ann Sundberg.

Antioch Sophs Lose Close One

The Antioch sophomore basketball team dropped a close game to Lake Zurich last Friday. In the opening game of the conference season the sophs fell short by a score of 37-33. The game was close throughout the Antioch trailed by only a point with 40 seconds left. Several key mistakes by Antioch in the closing minutes of the game

were costly.

Don Norwick led Antioch's scoring with 11 points, followed by Scott Nohava with 7, and Pat Houghton and Jim Peterson with 5 each.

Coach Gary Allen feels that the soph team is continuing to improve with each game and could surprise a lot of teams before the season is over.

Our defense is starting to come around, however, we still need some offensive strength to be a consistent winner," he said.

Antioch travels to Round Lake this Friday and returns home to meet McHenry on Saturday. Game time for the sophomores is 6:45 p.m.

Soph Wrestlers Have 6-0 Record

Antioch High School's sophomore wrestlers boosted their season record to 6-0 during the past week with three more victories.

On Tuesday, Dec. 3, they beat Grayslake 43-24. The sophs trailed 18-0 until Don Traska broke the ice with a 14-3 decision over Mike Staples of Grayslake. Bill Harland, Gary

Anderson, Dan Digiovanni and Geof Nordstrom then scored pins. Harland set a sophomore team record by pinning his opponent in 22 seconds. The old record of 23 seconds was held by Bill Hogan, who is now a senior.

Last Friday, Antioch sophs beat Lake Zurich 60-6. Tim Vander Meer returned to action from a broken wrist suffered

during the football season and scored a pin in 56 seconds. Matt Ring got his first win of the season with a 6-2 decision. Art Dilger and Bob Ducato, 185 pounds and heavyweight, ended the evening with pins at 1:39 and 1:02 respectively.

Saturday, Lake Forest hosted Antioch but was shut out 61-0. John Kakacek beat Lake Forest's undefeated 138 pound Bob Kennedy, 7-2. Rich Gorski also had a good weekend with two wins.

This Friday, Antioch sophs will host Round Lake at 6:45 p.m. in the wrestling gym at the high school. Saturday they will travel to Janesville, Wis. to meet with Rockford West, Kenosha Bradford and Janesville Craig in the triple dual meet at 9:30 a.m.

Frosh Cagers Look Good

Antioch's freshman basketball team opened its season with a 64-40 win over Lake Zurich last Saturday.

Nine players scored as the future Sequoits ran away from the Bears in the second half. They led by only 18-15 at the intermission, then stormed the hoop for 27 points in the third quarter and 19 in the fourth.

Tracy Sodman was the leading scorer with 14 points, followed by Tom Huebner with 13, Dennis Korjenek 9 and Bill Dubek 8.

Coach Norm Hahn said he was happy with the win but noted three areas that need work.

"Our free throw shooting was poor," he said. "We missed 19 and made only 14. We also fouled too much, particularly in the backcourt." (Antioch was whistled for 24 fouls.)

"And we only controlled six of 17 jump balls," Coach Hahn said.

On the brighter side, he said, "We did many things well for an opening game. We had 13 assists with Dennis Korjenek credited with six. We had only 14 turnovers while Lake Zurich had 26. We took 63 shots, a high total for a frosh game. And we rebounded well, giving Lake

Zurich only three off their board." The coach praised Brian Andrews and Korjecsek for their defensive play.

The Antioch "B" team won 34-16 as Al Roth scored 11 points. Both "A" and "B" teams will play at Round Lake Friday, starting at 4:30 p.m.

Open 8 Parks To Snowmobiles

Eight state parks will be open to snowmobiling this winter, according to Conservation Director Tony Dean.

The eight sites are: Hennepin Canal, Illinois-Michigan Canal, Rock Cut, Kankakee River, Chain O'Lakes, Mississippi Palisades, Johnson Sauk Trail and Silver Springs State Parks.

User registration offices will be provided at all eight sites and warming sheds will be available at 3 of them.

At the Chain O'Lakes Park, north of Fox Lake, McHenry and Lake Counties, snowmobiles may use all frozen water of lake region. Facilities include only a registration area. Park

provides access only. No snowmobiling is permitted on park lands.

Trample Johnsborg

St. Peter's 8th grade Cagers defeated St. John's of Johnsborg 51-41 for their 3rd win in a row. The team is now even up, (4-4), for the season.

The 7th graders lost 25-37 and the 6th graders lost a close one 39-38.

St. Peter's will be playing in the holiday tournament at Salem on Dec. 19 and 21.

Emmons Cagers Romp, 47-30

Emmons basketball team, seeking its fifth straight 8th grade championship, scored a 47-30 win over Grass Lake.

Emmons' Raiders jumped to a 24-15 lead as Nick Carl and Gred Bodin controlled the backboards. Each scored seven points besides dominating the rebounds.

Emmons pulled away to a

42-19 lead in the third quarter as Scott Gallagher, Rog Plechaty and Rob Nauman hit from long range.

Pat Sikorski of Grass Lake finished as top scorer with 16 points. Plechaty had 12 for the winners.

Emmons won the 7th grade game 40-8 as Dee Maras scored 14 points.

NEWS Of Energy Conservation

TURN ON THE CHRISTMAS LIGHTS

America is dreaming of a bright Christmas, just like the ones we used to know! And the Christmas of '74 should be just that. Now that the energy crisis is under control, there will be no ban on Christmas lighting, and Americans will be free to use their imagination to create home and tree decorative schemes using colored patterns of light.

According to Peter Gilbert, president of the decorative Lighting Guild of America, "The entire nation suffered through a dark Christmas last year when the President announced that he was banning outdoor Christmas lights - and the spirit usually evident was missing when it was sorely needed." Further, Gilbert believes that the action taken last year was unnecessary even then. Outdoor Christmas lights use only 1/40 of one percent of

the nation's annual energy output. This figure is so small that it was overbalanced by the negative effect of the lack of Christmas joy that bright lights usually symbolize.

Last year, people made the mistake of thinking that indoor lights were banned. This was not the case. And even if they had been used, they would have used a very small amount of electricity. Furthermore, if colored lights were used on an indoor tree, chances are white room lights would be out, and there actually might have been a saving of electricity.

But don't look back to last year's dark Christmas. This year, turn your dreams of a bright Christmas into a reality. The holiday season is a time for merriment that shows. Bring out the lights and share your colorful imaginings with all your neighbors!

We don't know, except that we cannot continue indefinitely with increasing indebtedness.

The 1974 forms also include the addition of a "no" box in connection with the 1976 Presidential Election Campaign Fund check-off. This will allow taxpayers to check "yes" or "no" in answer to the question of whether they want to designate \$1 (\$2 on joint returns) to the Fund.

With our roadside becoming littered with trash and choked with billboards and flashing signs, State Representative Donald Deuster of Mundelein is drafting legislation to parallel the Rustic Roads bill in Wisconsin. The proposal would provide local governments with the authority to designate certain scenic roads to be maintained in their existing condition. A network of such roads
